DE GAULLE TO GET WELCOME IN VENEZUELA

CARACAS, Venezuela (AP)—A big welcome and a strong security guard await President Charles de Gaulle today in Venezuela at the start of his 27-day Latin American goodwill tour.

The nation, wealthiest among the 10 he is to visit, readied a booming 21-gun salute and a dazzling military display for the 73-year-old chief of state.

Strict security measures were ordered for De Gaulle's ride with President Raul Leoni from the airport to downtown Caracas, bedecked with flags and bunting.

Officials fear there may be attempts on De Gaulle's life by exiled members of the French Secret Army Organization living in South America. Terrorist attacks are also frequently made in Venezuela by the pro-Castro Armed Force for National Liberation — FALN.

During his 30-hour visit to Caracas De Gaulle will address Congress and confer with President Leoni, who is expected to sound out the French leader on advantages of a Latin-American common market. Leoni hopes to attract more French investment to his country and would also welcome more French technicians to train labor.

De Gaulle and his wife left Paris Sunday for the longest stay abroad of any French chief of state since the days of Napoleon I. He spent the night at Pointe-a-Pitre, capital of France's Guadeloupe Island in the Caribbean.

Some concern has been expressed that the trip may prove too much for the president, who underwent a prostate operation six months ago. He will deliver 50 speeches and travel more than 20,000 miles before returning to Paris Oct. 16.

After Venezuela, De Gaulle will go to Colombia, Ecuador, Bolivia, Peru, Chile, Argentina, Paraguay, Uruguay and Brazil.

The long-planned tour is another move by De Gaulle to restore to his nation influence lost in the two world wars. His chief aim is to strengthen good relations with Latin America, which may lead to long-range French aid.

DETROIT (AP)—General Motors and the United Auto Workers headed into showdown bargaining on a new labor contract today covering more than 350,000 employees.

The UAW went to the bargaining table fortified with settlements already arrived at for more than 200,000 Ford and Chrysler workers calling for improved retirement plans and more relief time on the assembly line.

They met at 1:30 p.m.

BERLIN (AP)—Otto Grotewohl, prime minister of East Germany, died today after a long illness, the official East German news agency ADN reported. He was 70.

Grotewohl had been ailing for years. Although it never was officially admitted, he was believed to have been suffering from leukemia.

Assumpsit Action Is Filed In Court

The Town and Country LP Gas Co., Gettysburg R. 2, has brought an action in assumpsit in Adams County court against Franklin S. Kunkel, trading as Kunkel's Appliance Store, W. King St., East Berlin.

According to papers filed in the prothonotary's office for Town and Country by Attorney John A. MacPhail, the local concern furnished Kunkel's store between December 5, 1959, and February 20, 1962, a total of 139 gas cylinders for the storage of liquefied petroleum gas at a cost of \$15 each, or \$2,085. In addition 38 cylinder caps at \$3.50 each, an infra-red heater at \$45.50 and miscellaneous articles worth \$2 were furnished for a total bill of \$2,269.50. On July 10, 1964, Kunkel returned 20 gas cylinders, thus giving him a credit of \$300, and on September 18 returned 21 more gas cylinders, for a credit of \$315. As a result the suit seeks \$1,654.50.

VOTE \$75,000 FOR RESEARCH OF YORK SPOT

The U.S. House of Representatives has approved an additional \$75,000 to USDA funds for research on York Spot disease in York Imperial apples in the north-eastern Appalachian region.

The House approval of the Senate Appropriations Committee for USDA blight control was the result of numerous hearings before the House Agricultural Subcommittee on Appropriations and the USDA which were attended by William M. Lott, Gardner R. 1, past president of the Pennsylvania Horticultural Association, and Donald Horst, Musselman Division, Pet Milk Co., Biglerville; Congressman George A. Goodling and Sen. A. Willis Robertson, Virginia. Elbert M. Damon, executive director of the Pennsylvania Canners and Food Processors, also attended meetings on behalf of growers.

The bill was signed by President Johnson making funds available for the Agriculture Department to initiate a research project on Spot blight disease.

HIRE PHYSIOLOGIST

According to Dr. Frank P. Culinan, director of the Crop Research Division at Beltsville, Md., a full-time physiologist will be employed to coordinate the research project on York Spot, with headquarters in Beltsville, and the project will be further coordinated through Dr. L. C. Cochran, chief of research of USDA's Fruit and Nut Branch, with some of the work being contracted in the field as the research program progresses.

The research will result in minimizing or eliminating the economic loss from this physiological defect prevalent in York Imperial Apples for almost 50 years which has caused a lower grade and a loss of consumer acceptance for the final usage of the total apple and apple product.

BRITONS LIKE CONSERVATIVE, POLLS SHOW

By LOUIS NEVIN

LONDON (AP) — Less than a year ago Britain's ruling Conservative party was in disarray, its leader on a hospital bed, his chief aides vying for his post and the party's popularity lagging well behind that of the Labor party.

Today, public opinion polls indicate, the Conservatives have drawn level with the Laborites. A general election is only 24 days away.

What has happened to raise the Conservative fortunes in the 11 months since Sir Alec Douglas-Home was named to succeed Prime Minister Harold Macmillan?

HOME IS POPULAR

Reasons advanced by British observers include:

First of all, the electorate appears to like the pleasant, patrician personality of the 14th Earl of Home who renounced his title to become prime minister. His calm, easy-going self assurance in House of Commons debate has won many admirers.

A remarkably efficient central party organization which reportedly began preparing last October for the general elections to be held Oct. 15.

A campaign fund estimated at more than \$8.4 million.

The prime minister's advantage in setting the election date.

EARLY CAMPAIGN

The Labor party's publicity machine swung into action twice, apparently in anticipation of March or June elections. Labor's big guns may have been uncovered too soon.

After renouncing his title Douglas-Home had to seek election to the House of Commons. He succeeded handsomely and inaugurated a chatty, whistle-stop type of campaigning. The voters appear to like it.

He also coolly sat out temporary improvements in Conservative fortunes and waited to call the elections until almost the last possible date allowed by law. This gave him the chance of getting his personality across to the nation.

Chambersburg: An exchange says "We spent an hour among the ruins of this once beautiful town. The blackened walls of more than two hundred and fifty houses stand still to remind the passerby of the infamous deeds committed by the Rebel fiends. Here and there preparations are being made to reconstruct kitchens and back buildings for winter use but the beautiful mansions which lately adorned the streets will not be rebuilt until the rebel hordes are whipped and peace is restored. The dwellings that escaped the fire are crowded, many of them containing two or three families, while the parlors have been converted into storerooms. A number of weather boarded shanties have been erected in the "burnt district," and business of various kinds resumed on a small scale. Many former residents of the place have left to return no more. The County officers are in the upper story of an engine house. There is but a simple hotel of any consequence in the place but bar rooms have been opened on the sites of most of the burnt inns. The citizens complain bitterly of the high prices of produce of every description. In many instances they are higher than in the city — owing to the supply being somewhat limited. A splendid office has been fitted up in the lecture room of the Presbyterian Church by McClure and Stoner, of the Franklin Repository. They are driving a brisk business.

General Grant has issued an order that all within his lines in front of Petersburg who refuse to take the oath of allegiance to the Government of the United States shall be sent within the lines of the enemy. This is as it should be. Any person who cannot swear allegiance to the Government which protects him, should not receive the benefit of its care. The order also prohibits the same of provisions to those who do not take the oath required. Our lines are reported to be strengthened at the point where Hancock made his successful movement on Thursday last and from when the Rebels ineffectually attempted to drive him on Friday. The enemy feel our lines but make no general attack on any points.

College Notes: The fall term of Pennsylvania College opened on Thursday last with the remarkable increase of seventy new students. The freshman class has 58 members and there are 149 students in the College classes and 43 in the Preparatory Department. In consequence of the failure to have the old building completed the students were domiciled in town temporarily, but all were provided for. The tile roofing is being placed on Brua Memorial Chapel. THE TOLERANT MIND
Intolerance is one of the great curses of this world. It is food for wars, broken friendships, unhappy homes, and plays havoc wherever it exercises its destructive spirit. There must have been a sound and solid reason why the Creator made so many different kinds of people, scattered them about the earth, and put them to work.

The very fact that we all have a mind that is flexible, yet with the privilege to use it as an independent medium, should make us proud to own it, and happy that others have been granted the same gift.

We must bear in mind that there are grades of intelligence, and from early birth tendencies are created which shape character. The poor do not have the ideals of the rich, nor do the educated become satisfied to stay upon one strata of mind development. Millions of people go so far, and are content to go no further. They establish a level and camp there! But they are human beings, deserving of the fruits of their own opinions and birthright.

None of our experiences are the same. We are all enveloped by influences. Each one of us has something in common with all humanity. Our tastes differ, our opinions and our ideas, but everyone has something for his fellowman, the same as his fellowman has something for him. Happiness should be universal, though of course, it cannot be distributed equally to all — but the opportunity for it can be. Every observance teaches us, as well as all the development of civilization, that we should seek earnestly to cultivate a tolerant mind, respecting the opinion, the circumstances of birth, and the hardships endured by others, as a guide to our appraisal of them.

We are born with a free will, and it can be exercised in a free country. But there is no room anywhere for intolerance in a right world, and it's a right and better world in which we are all interested.

Intolerance is mostly, misunderstanding. We should transplant something of ourselves in others, that we might praise more, and judge less, thereby cultivating an ever-abiding tolerant mind.

MEMORIES OF FRIENDS

If here in friendship you should call

And praise a picture on the wall

Or from a shelf reach down a book

To thumb its pages through or look

Henceforth a part of it you'll be.

If once to dine with you you stay,

Long after you have gone away.

And every time we sit to eat

Your favorite culinary treat

You may not know it; but right then

You will be here with us again.

If once you walk our garden round

And praise some little bloom

You've found,

Singling it out from all the rest

As one that pleases you the best

That bit of blossom, pink or blue

Henceforth will be a part of you.

This door of ours which seems so stout

Swings in for friends but never out.

If but a little while they stay

Henceforth they never go away

For always something we shall find

To call them often back to mind.

"If time and space permitted it would be a pleasure to speak of the town of Gettysburg, which has greatly advanced in recent years. A spirit of improvement is everywhere to be seen. The hotels are enlarging. The new Pennsylvania College building, which has just been dedicated, is an imposing structure, and numerous new buildings are going up throughout the town. The citizens are clever and sociable and much might be said in praise of them."

Dehoff, 46 Lumber St., Littlestown, and Wayne Malcolm Frock, son of Mr. and Mrs. George Malcolm Frock, Westminster R. 7, were united in marriage Sunday afternoon at 2 o'clock in St. Paul's Lutheran Church, Littlestown. The pastor, the Rev. Graham T. Rinehart, performed the double-ring ceremony in the presence of a large number of relatives and friends of the couple.

BARRY SCORES LBJ FOR TONKIN CRISIS POLICY

WASHINGTON (AP) — Sen. Barry Goldwater has fired strong criticism at the administration for its handling of news on the latest Tonkin Gulf incident, and charged that President Johnson has a "crisis-of-the-week" foreign policy.

The Republican presidential candidate, who campaigns today in Charlotte, N.C., said Sunday night in a statement:

"This administration's lack of purpose, direction and even honesty in its conduct of the cold war has led to what now may be described as a crisis-of-the-week foreign policy."

"This weekend's crisis involves Viet Nam and another incident in the Gulf of Tonkin."

"The administration has tried to manage the news so that the incident is forgotten as quickly as possible."

CAN'T ERASE WAR

"They cannot, however, sweep a war under the rug."

Last Friday, Secretary of Defense Robert S. McNamara said in a brief statement that preliminary reports had been received of a nighttime incident in international waters in the Gulf of Tonkin. He said no damage had been reported by American vessels and there was no loss of American personnel.

Nothing more would be said, he added, until an investigation was completed on reports of the new incident in the gulf where North Vietnamese patrol boats made two attacks on American destroyers seven weeks ago. The August attacks brought prompt retaliation. Johnson ordered U.S. planes to hit North Vietnamese patrol boat bases and oil dumps — an action backed by Goldwater.

CALLS ADVISORS

Johnson called McNamara and other advisers to the White House late Saturday morning to discuss the latest incident, and at mid-afternoon McNamara announced that two U.S. destroyers on routine patrol in the Gulf of Tonkin "were menaced by four unidentified" vessels Friday and fired warning shots. He said the approaching craft then disappeared.

His Saturday afternoon statement came nearly 22 hours after first reports of the flareup reached the Pentagon. A Pentagon source later said McNamara's 147-word statement: "Apparently closed the incident for all practical purposes."

Miss Blatt Vows To Save Landmarks

SOMERSET, Pa. (AP) — Pennsylvania's historical and scenic landmarks would be practically extinct if it weren't for "the great private interest shown in preserving these attractions," says Genevieve Blatt.

Miss Blatt, Democratic candidate for U. S. Senate, pledged in a speech in Somerset Saturday that if elected she would devote much effort to developing and preserving the state's landmarks.

She also said there is a place for federal help in developing landmarks which "go untapped, neglected and in disrepair."

Miss Blatt cancelled three scheduled appearances Sunday in the Philadelphia area to rest.

Ward Sparks Bullets To 27-7 Win Over Hofstra In Middle Atlantic Tilt

Junior Quarterback Jim Ward, protected by three fine lines, paced the Gettysburg College football team to its first opening day victory in six years as the Bullets walloped Hofstra 27-7 Saturday afternoon on Memorial Field before approximately 4,000 fans.

Ward fired a pair of TD passes while completing nine of 17 aeriels for 108 yards. He also picked up an additional 34 yards on the grounds.

Scattered afternoon showers slashed an expected capacity turnout. However, it wasn't the rain which hampered Hofstra's initial contest in the university division of the Middle Atlantic Conference. The Bullets put together three fine front lines which continually harassed the Flying Dutchmen. The coaching staff was well pleased by the wall's performance in containing the opposing running game up the middle. On the other hand, they felt that one of the things to be worked on this week will be the outside running defense.

Hofstra looked as if it might make the experts' predictions all wet in the first quarter. Coach Howdie Myers' Long Islanders nailed Ward who, while in an attempt to punt, received a bad snap from center and the Bullets suffered a 22-yard loss and the Dutchmen had possession on the host club's 23. Five plays later, with 2:14 to go in the period, quarterback Kevin Bergin picked out a big hole in the right side of the line and darted into the end zone untouched from six yards away. End Bruce Conhain booted the placement.

Midway through the second stanza, Pete Wolyniec called for a fair catch on a Doug Sickel punt and Gettysburg had possession on their own 23. This set the stage for the Bullets' offense to go into motion which didn't let up the remainder of the game. Ward climaxed a 14-play, 77-yard drive with a short three-yard flip to flanker Ken Snyder for the Bullets' first score. Ward then passed to Dale Boyd for the two-point conversion and Gettysburg was in front to stay.

BOYD INTERCEPTS

Coach Gene Haas' strong unit went right back to work following the score. On the first play from scrimmage, following the kickoff, Boyd intercepted a Dick Swanson pass and raced 43 yards to the Hofstra 14. From there Ward faded back and again spotted Ken Snyder in the end zone for the TD. Bob Kinsey, sophomore tackle, attempted the placement, but it went wide to the left and Gettysburg led 14-7 at the half.

The Bullets, who threw a total of 40 passes, went to a running game in the third period and with some success. Sophomore Rod Albright and Senior Tony Presogna did most of the ball toting. Ward exhibited some fancy running in this period when he rolled up 28 yards on two carries.

GRUMBIN BLOCKS PUNT

With 4:13 showing on the scoreboard clock, Gettysburg struck for the third time. Hofstra was in a fourth and five situation from their own 25 when Sickel went back to punt. Bullet tackle Lloyd Grumbin blasted through and blocked the punt. Linebacker Jack Costner was right on his heels and, as the ball rolled into the end zone, Costner fell on it for the six-pointer. Don Enders' two-point pass attempt was broken up by Dale Price.

Midway through the final stanza, Gettysburg tallied for the last time. Swanson, standing on his own two-yard line, attempted to pull down Boyd's punt and fumbled. End Joe Egresitz rushed in to regain possession for the Bullets. Tony Presogna hit the line twice from that point, his second try going in for the TD. This time Kinsey's placement was good.

To prove the strength of Gettysburg's linemen, Hofstra started a late game rush which carried them 70 yards to the Gettysburg one-yard line with a first and goal situation. The Bullets' third-unit wall held tight on all four downs and even gave the offense an extra yard as it took over on the two.

Three Gettysburg passers completed 19 of 40 tosses for 220 yards. The Bullets' running game netted but 88 yards compared to Hofstra's 118. The Dutchmen collected 68 yards through the air. Ken Snyder took an early lead in the pass receiving department as he pulled down five for 57 yards and two TDs. Dale Boyd, who won the honors last year and set a new school record in doing so, caught two aeriels for 24 yards. Presogna was the leading rusher with a net of 41 yards while Art Amelio paced Hofstra with 72 yards net.

JIM BUNNING YEAR SHUTOUT ON 18TH WIN

By MIKE RATHET

Who said it's Richie Allen or Johnny Callison for Most Valuable Player honors in the National League?

What about Jim (Perfect Game) Bunning, the pitching portion of Philadelphia's key triumvirate?

Bunning, the 32-year-old right-hander acquired in an off-season trade with Detroit, allowed only a pair of unearned runs Sunday as he brought his record to 18-5 with a five-hitter in the National League leading Phillies' 3-2 victory over the Los Angeles Dodgers.

The Phillies' victory, coupled with Cincinnati's 9-6 victory over St. Louis, reduced Philadelphia's magic pennant-clinch number to seven. Any combination of Philadelphia victories or St. Louis and Cincinnati defeats totaling seven will bring the Phillies their first flag since 1950.

The Reds and Cardinals are tied for second place, 6½ games behind the Phillies while fourth-place San Francisco remained seven back by beating Pittsburgh 4-3 in 11 innings. Elsewhere, Milwaukee defeated the Chicago Cubs 5-2 and Houston blanked New York's Mets 1-0.

YANKS GAIN

The American League leading New York Yankees shut out Kansas City 4-0, Baltimore whipped the Los Angeles Angels 8-2 after losing the opener of a doubleheader 8-5 in 10 innings, the Chicago White Sox edged Washington 4-3, Minnesota crushed Boston 12-4 and Cleveland downed Detroit after the Indians lost the opener 6-5.

The Phillies scored twice in the first inning against loser Jim Brewer before adding what turned out to be the winning run in the fourth inning.

The Dodgers were blanked until the ninth when Maury Wills singled, stole second and eventually scored on an error by Vic Power. A single by Tommy Davis scored another run before Bunning cut off the rally.

GIANTS WIN IN 4TH

The Cardinals pulled into a 6-0 lead on homers by Lou Brock, Dick Groat and Mike Shannon, but the Reds ultimately snapped a 6-6 tie with two errors leading to three unearned runs in the eighth inning.

The Giants tied the game in the bottom of the ninth on Tom Haller's homer, then scored the decisive run in the 11th on an error, a steal of second by Haller and Hal Lanier's single.

Home runs by Felipe Alou and Rico Carty got the job done for the Braves. Alou's three-run homer in the fifth overcame a 2-0 Chicago lead built on home runs by Billy Cowan and Ernie Banks.

Littlestown High School suffered its second straight York County League setback Saturday afternoon when it bowed at West York 14-6 on a rain-drenched gridiron.

There was no score in the second quarter with Littlestown being saved on a 15-yard penalty against West York after Narber had run 29 yards for an apparent score.

West York drove 70 yards for an insurance touchdown in the third period with Narber racing across from the 16 after previously turning in runs of 11 and 14 yards. Eby added the point on a placement.

STOPPED BY FUMBLE
Early in the final frame Littlestown threatened when Myers galloped 50 yards to the West York 25 but on the next play Jeff Ruby pounced on a Bolt fumble to erase the threat.

A short time later Myers intercepted a Bulldog pass and ran it back 15 yards to the West York 35 but the Bulldogs held at the 30 and thereafter there was no real scoring threat.

West York, holding a 13-4 advantage in first downs, piled up 219 yards rushing of which 148 were by Narber in 19 carries. Littlestown netted 121 yards on the ground.

Littlestown, now 0-2, takes on Hanover on the Thunderbolts' field Friday evening in another league game.

THE JERSEY GIANTS DEFEAT CAPS 'N AC CONTEST

Coach Pete Pihos has complained his old Philadelphia Eagle teammate, Steve Van Buren, rolled up the score when his Newark Bears trounced the rebels, 39-7, in a pre-season Atlantic Coast Football League exhibition game.

Van Buren took it a little easier Saturday night when the two teams met in a regular season contest. This time the score was only 38-7.

The victory kept the Bears on top of the Southern Division with a 5-0 mark. Pittsburgh Valley's Ironmen kept pace with a 3-3-1 triumph over winless Atlanta for a 5-1 record.

BOSTON ON TOP
The Boston Sweepers took over undisputed possession of first place in the Northern Division with an 18-14 victory over Springfield. The Hartford Charter Oaks, who had been tied for first, were held to a 28-28 tie by Westchester.

In other Saturday night action, Portland devastated Hazelton, 55-0.

The Jersey Giants defeated Harrisburg, 37-7, in a Sunday afternoon contest, and Providence defeated Mohawk Valley, 21-0, in a night game at Herkimer, N.Y.

Yanks Take Full Game Lead In AL With Win Over A's; Birds, LA Split

By MURRAY CHASS

Associated Press Sports Writer
If Whitey Ford has his way, that two-hit shutout New York's Jim Bouton pitched was merely a tuneup for the opening game of the World Series against the Philadelphia Phillies.

An early tuneup, yes. But Bouton couldn't have appeared more set for a Series opener as the Yankees defeated Kansas City 4-0 Sunday and increased their American League lead to one game over the Baltimore Orioles, who split a doubleheader with Los Angeles.

The Yankees by no means have the pennant clinched, but each day they make Ford's Series plans less premature.

The veteran left-hander and pitching coach mentioned the other day that he wouldn't start in the opener because the Yankees will use right-handers in Philadelphia.

WELL PITCHED GAME
Bouton, the team's winningest pitcher with 17 victories, would be the logical choice for the first game. His shutout against the Athletics was one of the best-pitched games New York has had this season.

He didn't allow a hit past the second inning, permitted just one baserunner past that point and didn't walk anyone.

The victory was the fifth straight for the Yankees, 13th in their last 16 games and 20th in the last 27, or since they started

Gary Narber, hard-running Bulldog fullback, was the thorn in the side of Littlestown, leading his team to victory and scoring both touchdowns.

Both teams chalked up scores in the first period with West York tallying first following the block of a Littlestown punt early in the quarter.

Jay Miller broke through to block a Bolt punt and recovered on Littlestown's 35-yard line. In six plays West York moved for a pair of first downs to the seven as Narber contributed runs of 11 and 14 yards. Narber then broke through the middle to score after 5:28 of the opening frame. John Eby booted the extra point.

FIVE COMPLETIONS
Hobbled by an ankle sprain suffered in the second quarter, and blitzed time and time again by the aggressive Nittanyans, Staubach could complete only five of 13 passes.

Worse yet, he was thrown for 14 yards in losses on the ground. But a fumble recovery on the Penn State 13 set up Staubach's one-yard touchdown sneak in the first quarter.

In the second period, sophomore Duncan Ingraham added what proved to be the clincher when he ran 58 yards for a score with an intercepted pass thrown by Lion quarterback Gary Wydman.

Penn State fought back in the third period and scored on a 12-yard run by sophomore Tim Montgomery.

DROPPED TO PASS
But the heartbreaker came in the final period, when with the score 14-8, Lion fullback Bill Huber dropped a potential touchdown pass at the Navy two.

Minutes later Fred Marlin intercepted another Wydman aerial deep in Penn State territory and halfback Tom Leiser carried it over from the five.

"Our players were determined to do a good defensive job on Staubach and they did," said Penn State coach Rip Engle afterwards. "But we lost any touchdowns on interceptions, fumbles and penalties and still hope to win."

Hardin, meanwhile, called the Navy defensive performance the best he saw since he became head coach in 1959.

BODIES OF 3 PLANE CRASH VICTIMS FOUND

PORT ROYAL, Pa. (AP) — Three persons, returning from the Penn State-Navy football game, were killed Saturday when their small airplane smashed into the fog-shrouded Tuscarora Mountains near Port Royal.

The crash of the Cessna 170 was reported to state police at nearby Lewistown Saturday evening but the wreckage was not found until 8 a.m. Sunday in a wooded area about five miles southwest of this Juniata County community.

The victims were identified by the Navy as Richard D. Eckard, 33; William A. Everett, 31, and Everett's wife, Shirley, 20.

HAD BEEN AT GAME

Eckard and Everett were Navy lieutenants stationed at the Patuxent River Naval Air Station in Maryland.

Juniata County Coroner Steven Dodd said ticket stubs from the football game, played Saturday afternoon at University Park, about 30 miles to the northwest, were found on the victims.

He said they were killed immediately from skull fractures and other injuries suffered upon impact.

JAMMED INTO MOUNTAIN

According to Shaffer, the plane "was completely demolished."

He said pieces of the wreckage were scattered "all over area" and both wings of the four-passenger, single-engine craft were sheared off.

"The plane jammed into the side of the mountain," Shaffer added. "It broke two trees off on the way in. The pilot apparently thought he was going into a cloud bank but it was actually the mountain."

A search crew of 100 was formed immediately after the crash was reported, but it was some 18 hours later before the wreckage actually was found.

Arthur Brackbill of nearby Mexico, a man who state police said is very familiar with the mountainous terrain, made the discovery.

John G. Pew Jr. Dies; Heart Attack

WAYNE, Pa. (AP)—John G. Pew Jr., vice president of Sun Shipbuilding & Drydock Co., died today of a heart attack at his home. He was 65.

He was the son of the founder of the massive shipbuilding firm Joseph N. Pew Sr.

The company, located on the Delaware River at nearby Chester, Pa., was one of the largest builders of tankers in the world during World War II. It is a wholly-owned subsidiary of Sun Oil Co., which also was founded by the Pew family.

BATTING — Bobby Knoop, Angels, hit a homer and triple before driving in the tie-breaking runs in the 10th inning with a two-run double, leading Los Angeles to an 8-5 victory over Baltimore in the first game of a double-header.

People In The News

PRAGUE, Czechoslovakia (AP) — President Antonin Novotny of Czechoslovakia left today for a six-day visit to Yugoslavia and talks with Marshal Tito.

Discussions between the two Communist leaders are expected to concentrate on the dispute between the Soviet Union and Communist China. The official Yugoslav news agency Tanjug said only that Novotny and Tito would discuss "mutual cooperation and international issues."

Tito is known to oppose Soviet Premier Khrushchev's call for a Communist summit meeting to deal with the dispute on the ground that such a meeting would split the world Communist movement.

PHILADELPHIA (AP) — Dr. Eugene Ormandy, conductor of the Philadelphia Orchestra, returned Sunday from a 26-day road tour with his musicians. On hand to greet them at the airport were 500 well-wishers — and a 200-piece high school band.

Dr. Ormandy recalled the orchestra's performance at Temple, site of Arizona State University. It was the first concert in a new \$3.5-million auditorium, one of the last designed by the late Frank Lloyd Wright.

BRONXVILLE, N.Y. (AP) — Robert F. Kennedy returned Sunday to Bronxville, a New York City suburb where he lived 10 years as a boy, and went hunting for his old home.

Kennedy, Democratic candidate for the U.S. Senate, led a group of supporters down several side streets before he discovered that the house had been torn down.

The brother of the late president then went alone to pray at St. Joseph's Roman Catholic Church, which he once attended.

A Lovelie You

By MARY SUE MILLER

SHADES OF THE THIRTIES.

If you are not old enough to remember the haircuts of the 1930's get yourself to a library and look up the period. That way

you'll get a clear picture of the new hairstyles. And you will love them!

Of course, if you lived through the era, you might not be so enthusiastic. The whole bit may seem "old hair" to you. Yet it is really so modern as to be free-form.

The crown lies smooth, the sides are long enough to swish, the back is short and tapered to a V. The styling has advantages. The front can be combed in any direction that most flatters your face. The back, unless the hairline is in tatters, makes a graceful line of the head and neck.

The success of the coiffure is based on a superb cut, a body permanent and gleaming hair. It's possible that shine and bounce are the biggest factors. There-

fore constant conditioning—treatments, rinses and brushing—are m-u-s-t-s.

For another, there's trimming. You may remember the saying, "A gentleman never needs a haircut." Well, in this case, a lady must have a trim before the need is even slightly evident.

If you wonder how you could dramatize the "do" for big evenings, the answer is a wiglet. Use it not as new as you may think. The glamorous girls of the 30's adorned their head with store-bought braids and falls of hair, so they could look dashing by day and elegant at night. And that just about sums up the looks of today's charmers.

RULE YOUR WAVES

What's your hair problem? You'll find a way to overcome it in my 16-page booklet, RULE YOUR WAVES. Advice includes: Beauty treatments for oily, dry and normal hair; ways to manage unruly locks; how to add color and highlights; tips on cutting, permanents and styling; grooming tricks. Billy Welu Wins Bowling Tourney

MESA, Ariz. (AP) — Fighting off the saddening effects from the death of his mother, Billy Welu of St. Louis hung on Sunday to capture the Professional Bowlers' Association \$21,000 Mesa-Phoenix open.

Welu knocked down 8,673 pins over the 40-game tournament route, receiving 500 bonus pins for a 9,173 total.

Andy Marzich of Los Angeles ended in second place with 9,021. He was followed by Billy Hardwick of San Mateo, Calif., with 9,011.

SCRANTON IN IOWA TODAY

HARRISBURG (AP) — Gov. Scranton travels to Iowa today and Minnesota Tuesday to campaign for the man he fought so bitterly, but unsuccessfully, for the Republican presidential nomination, Sen. Barry Goldwater.

This is Scranton's first out-of-state appearance on behalf of the Arizona senator and his vice presidential running mate, Rep. William E. Miller of New York.

Scranton's itinerary takes him to Iowa City, Fort Dodge and Cedar Rapids today. Tuesday it's on to St. Cloud, Minneapolis, and St. Paul to plug for the national ticket.

The governor immediately went to the rostrum of the GOP national convention last June to embrace Goldwater and Miller publicly after his own belated and heated campaign for the nomination was decisively defeated.

But Scranton left a lot of critical comments about Goldwater's political philosophy behind him and one of his biggest jobs on the campaign trail now will be to praise the senator in spite of them.

Scranton aides say Goldwater himself, set the example of how to do this four years ago when he campaigned for Richard Nixon, despite his acknowledged political difference with the former vice president.

The growth in station wagon popularity is shown by the fact that at present 14 per cent of automobile output is made up of such units. In 1955, wagons were six per cent of total production, and in 1940 less than one per cent.

Clark Invites Thurmond Here

WASHINGTON (AP) — Sen. Strom Thurmond of South Carolina, who announced last week his switch from the Democratic to the Republican Party, has been invited to campaign in Pennsylvania by Sen. Joseph S. Clark, D-Pa.

Clark, appearing Sunday with Rep. Melvin R. Laird, R-Wis., on ABC's "Issues and Answers" radio and television program, conceded that Thurmond's defection might have some effect in the South. He said he thinks, however, the defection did the Republicans more harm than it did the Democrats.

Clark added: "I do hope, though, Congressman Laird, that you can arrange to have Sen. Thurmond brought up to Pennsylvania to speak in support of Sen. (Barry) Goldwater and Sen. (Hugh) Scott. I assure you that we would welcome him with open arms anywhere in my Commonwealth."

Laird said that he assumes Thurmond "plans to limit his campaigning to South Carolina."

Thurmond, an ardent segregationist, bolted the Democrats in 1948 to run as states rights candidate for president. He was readmitted to the party but continued to oppose many programs of Democratic presidents.

FOREST FIRE DRIVES 2,500 OUT OF TOWN

CALISTOGA, Calif. (AP) — A raging forest fire — pushed by strong winds—swept down from tall timber into this Napa County town early today and the entire population of 2,500 was evacuated.

"We have reports that some homes in the northern part of town are afire," a Police Department spokesman said.

At 1:45 a.m. most of the town's citizens and tourists had been evacuated, the officer said.

There were no reports of injuries, he said.

The fire broke out in the Redwood Forest north of Calistoga shortly after noon Sunday and turned toward the city when winds changed late last night.

RESORT AREA

It moved down into the city limits shortly after midnight, police said.

"We're using school buses, trucks or anything we can get to evacuate the people," the officer said.

Calistoga, a resort area known for its mineral springs, is about 75 miles north of San Francisco, in the heart of the California wine belt.

The area produces most of the Napa grapes, popular for making burgundy wines.

Police said it was not immediately determined if the fire had struck the vineyards.

Since the beginning of the automotive manufacturing industry in the United States in 1896, more than 208 million vehicles have been produced.

"The Place to Go for the Brands You Know"

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

ANDREW BRANDWOOD

SOLDIER OF THE REVOLUTION
The date on the career and family of Andrew Brandwood, soldier of the American Revolution, whose grave is to be found in the Lower Marsh Creek Presbyterian churchyard, is continued at this time.

Records of the Rev. John Cuthbertson of the Associate Reformed (Presbyterian) Church—

3. "Baptized, April 12, 1772, James Brandwood, son to Andrew Brandwood."

4. "Baptized, October 31, 1774, Jean Brandwood, daughter to Andrew Brandwood."

5. "Baptized, April 4, 1776, Sarah Brandwood, daughter to Andrew Brandwood."

Andrew Brandwood and his family lived within the bounds of the "Marsh Creek Society" and were therefore residents of what is now Adams County, Pennsylvania, at the time of the American Revolution. With-out a doubt Andrew Brandwood enlisted or was a member of one of the local companies and "went out" with them. Just how long he served his country or in what capacity is not known for no official records can be found. There is only the well-founded tradition that "old Andrew Brandwood fought in the Revolution." He never applied for a pension so that source of information is useless in this case. Therefore until additional avenues of data, pertaining to the War of the American Revolution, are made available, Andrew Brandwood can only be termed "traditionally" a soldier in the struggle for liberty.

Andrew Brandwood must have died somewhat suddenly and unexpectedly for he failed to make a will and his estate had to be settled in Orphans' Court.

"Orphans Court, Adams County, Pennsylvania, August 24th, 1802 —

"Petition of James Bleckly, who intermarried with Jane Brandwood, the daughter of Andrew Brandwood, deceased, late of Franklin Township, this County, who died intestate, seized of a tract of land, containing 260 acres more or less, adjoining lands of Thomas Ewing, Alexander Caldwell, and John Foster.

"The said Andrew Brandwood was survived by Sarah Brandwood, his widow; Sarah Brandwood, a daughter, Jane Brandwood, a daughter, intermarried with James Bleckly; Isabella Brandwood, a daughter; and Mary Brandwood, a daughter, now deceased, who leaves a daughter, Mary Jordan.

"Requests that the estate be divided among the heirs-at-law. The value therefore has been set at 214 pounds and 15 shillings

"Hugh Dunwoody is a grandson of the late Andrew Brandwood.

"Sarah Brandwood, the eldest daughter of said deceased, is a lunatic."

The following data pertaining to the Brandwood family can be found in the old "Adams Centinel" (later the "Star and Sentinel") under the dates given:-

1. Wednesday, December 29, 1813 —

"Departed this life, December 18th, 1813, Sarah Brandwood, daughter to Andrew Brandwood, deceased, late of Franklin Township, this County, in the 51st year of her age, of a short illness, in a composed, comfortable frame of mind, trusting in her blessed Redeemer."

Note:—The grave of the unfortunate Sarah Brandwood, "a lunatic," is in the family plot at Lower Marsh Creek churchyard. The inscription from the marker at her grave follows:-

3. "In memory of — Sarah Brandwood — who died December 18th — 1813. Aged 51 years. — Also — James Brandwood — Died May 4, 1759 — Aged 3 months."

Note (No. 2):—This James Brandwood, the son of Andrew and Sarah (Gibson) Brandwood, must have been the first child born to them. A second son, who was also given the name of "James," was baptized April

12, 1772.
2. Wednesday, June 1, 1814 — "Departed this life, on the 23rd of May 1814, in the 79th year of her age, Sarah Brandwood, the widow and relict of Andrew Brandwood, deceased."

Note:—Sarah Gibson, the wife of Andrew Brandwood, who was married on March 31st, 1758, by the Rev. John Cuthbertson. She is buried beside her husband in Lower Marsh Creek and the grave is marked. The inscription from this stone was given in last week's column.

3. Wednesday, November 12, 1828 —

"Died, October 31st, 1828, Miss Isabelle Brandwood (Brandwood), of Franklin Township, this County, in the 61st year of her age."

Note:—Isabelle Brandwood, the daughter of Andrew and Sarah (Gibson) Brandwood, was undoubtedly buried in the family plot at Lower Marsh Creek. If her grave was ever marked the stone has long since disappeared

In addition to the graves already mentioned in the Brandwood burial plot, at Lower Marsh Creek Presbyterian Churchyard, there are also the following:-

4. "In memory of Eliza Brandwood — Died August 1st, 1777 — Aged 8 years."

Note:—A daughter of Andrew and Sarah (Gibson) Brandwood, born in 1769 and living but a short eight years — dying during the War of the American Revolution.

5. "In memory of — Nancy Brandwood — Died 1779 — aged 8 years."

Note:—Another daughter of Andrew and Sarah (Gibson) Brandwood — born in 1771 and dying in the year 1779 — again during the American Revolution. It is entirely within the bounds of reason to assume that the husband and father, Andrew, was "off to the war" when his little daughters died and the wife and mother had to take entire charge of the situation.

This concludes for the present, at least, the notes on the Brand-Creek Settlement.

It would be impossible to write a complete and absolutely comprehensive history of any old burial ground. Not one has escaped the hands of vandals and the marks of time. Many graves were never marked and in the same vein, many grave stones have disappeared. Records have been lost or were never kept. The work of the historian is thus made rather difficult.

Lower Marsh Creek burial ground offers no exception to any one of the above. This being the case it will be necessary merely to list certain burials — no additional date being available.

These notes will be continued in this column, next week.

KY. RIFLEMEN WIN 1ST ROUND

READING, Pa. (AP)—Blasting away at swinging jugs and turkey heads, a group of Kentucky sharpshooters whipped Pennsylvania riflemen, 975 to 839, in the first round of the second annual Daniel Boone Long-Rifle Shootout at nearby Baums town.

Rex Maxey, of West Liberty, Ky., who amassed 135 points out of a possible 150, paced the out-of-staters' win. Saturday, Robert Rambo, of Parkersburg, Pa., hit on 124 out of 150 to lead the Pennsylvania group.

At stake in the two-round contest is the right to display a custom-made long rifle in the governor's office for a year. The two teams will compete again Oct. 10 at Barboursville, Ky., to decide the composite winner.

The annual shootout is sponsored in Pennsylvania by the State Frontier Association and the Pennsylvania Historical and Museum Commission.

LBJ TAKING DAY OFF AT WHITE HOUSE

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Johnson took a day off at home today between out-of-town speeches.

Sunday he hopped to an airport on a West Virginia mountain top and said that America "will begin to decline from greatness" the day it hardens its heart toward the helpless and poverty stricken.

He upheld his poverty program which Republican presidential nominee Barry Goldwater described as a "phony, vote-getting gimmick" in a speech in the same state Friday.

BUSY WEEK AHEAD

Tuesday it's back to Atlantic City, N.J., where Johnson delivered his address accepting the Democratic presidential nomination Aug. 27. This time — the trip hasn't been announced formally yet — he speaks to the United Steel Workers Union.

At the end of the week, the President travels to El Paso, Tex., the site of the Eufaula Dam near Enterprise, Okla., and perhaps Texarkana, Ark. — all for oratorical endeavors.

At El Paso, Johnson is meeting President Adolfo Lopez Mateos of Mexico to mark the transfer to Mexico of a few hundred acres of land called El Chamizal. The tract has been involved for decades in a change in course in the Rio Grande and an international dispute over ownership.

30-YEAR JOB

The Eufaula Dam affair is a dedication ceremony.

The President went to church Sunday, then flew to Morgantown, W.Va., in midafternoon and dedicated the municipal airport that finally is finished after nearly 30 years of work.

Morgantown has about 26,000 population and the state police estimated 15,000 people turned up at the airport to shout a welcome to the President.

Johnson whipped through his speech in something under 10 minutes and then spent maybe

were buried. The FBI uncovered them deep inside a red clay watershed dam about seven miles from Philadelphia.

Each man had been shot with a 38-caliber pistol. A private autopsy report on the Negro, James Chaney, said he had been beaten so severely many of his bones were shattered.

AUTOPSY SECRET

The state autopsy was never made public.

Presumably any indictment by the 23-man grand jury must be a civil rights violation, possibly kidnapping. Murder is a state offense.

In the rural area around Philadelphia, Miss., the names of the men who excited the most FBI interest have been an open secret for weeks.

Negro leaders have predicted no one will ever be convicted, no matter what the charge or evidence.

In a demand for autonomy from the Saigon government, 500 U.S.-trained Rhade tribesmen Sunday invaded Ban Me Thuot, capital of Darlac Province, 160 miles northeast of Saigon. Today In Washington

WASHINGTON (AP)—Sources say that the Warren Commission may deliver its 700-page report on the assassination of President John F. Kennedy to the White House by the middle of this week.

Chief Justice Earl Warren, chairman of the investigating commission, has said, "Our job is completed when we report to the President."

Once the report goes to President Johnson, it should take a week or more before the White House makes it public.

WASHINGTON (AP) — The Population Reference Bureau says the birth rate in the United States is declining even though American women are marrying earlier and having their first babies sooner after marriage than a generation ago.

In a report, the bureau said the decline cannot be attributed either to a change in childbearing potential of American women or the development of new contraceptives.

"The decline is due, rather, to a changing attitude regarding the size of the 'ideal family,'" the report said. It is smaller than it used to be.

LOUISVILLE, Ky. (AP) — A medical scholarship program is provided an average of 14 doctors a year in rural areas of Kentucky.

Kentuckians can get a maximum of \$1,300 a year in loans during their four years in medical school but must agree to practice one year in a rural section for each year of his loan.

The groom's mother was attended in a navy blue two-piece suit with navy blue accessories.

She wore a corsage of pink carnations and roses.

Following the ceremony a reception for approximately 100 guests was held in the fellowship hall of the church. For her going away outfit the bride chose a two-piece dress of cranberry faille with black accessories and a white rosebud corsage. The couple will reside in Tarrytown, N. Y.

Johns Hopkins Provided University For Youth; Hospital For Suffering

By KATHIE DIBELL
BALTIMORE (AP) — Johns Hopkins, a Baltimore Quaker, is reputed to have said that there are two things sure to endure: "A university, for there will always be youth; a hospital, for there will always be suffering."

When he died in 1873, he left \$7 million to establish a university and a hospital.

And 75 years ago, the massive wood doors of the hospital administration building opened and the first patient was admitted. More than a million persons have walked through the same wooden doors since, looking for help.

Hopkins personally selected the 14-acre site in East Baltimore. "You will bear constantly in mind that . . . the institution should ultimately form a part of the medical school of that university for which I have made ample provision by my will."

THREE PHASES

Since its beginning, the Johns Hopkins Hospital philosophy has been to emphasize three phases of medicine: treatment, research and education.

"Johns Hopkins University was the first graduate school in the United States to combine research and education in the same institution," said Dr. Russell A. Nelson, president of the hospital. The idea was brought to the hospital "and the scholar went to work on a practical basis in the medicine of man," Dr. Nelson said.

This combined approach was the most important single contribution Johns Hopkins has made to medicine in its 75 years, Dr. Nelson said.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Phila. Businesses Seeking SBA Loans

PHILADELPHIA (AP)—The Small Business Administration says it has received 24 applications for loans totaling \$300,000 from businessmen whose establishments were damaged during the Negro riots in North Philadelphia the weekend of Aug. 28-29.

Edward N. Rosa, regional director for the SBA, said over the weekend that of the 24 applications received thus far, his group has already approved six and loans of \$58,000 have been paid out.

"We are trying to have the money in the businessman's hands within five to six days after he has filed his application with us," Rosa said.

weary and heavy-laden and I will give you rest."

The patient is directed around the statue and left down the corridor to the central admitting office which is located in the new Children's Medical and Surgical Building dedicated May 13 this year.

The hospital is equipped to handle all kinds of illnesses, from the simple tonsillectomy to the most delicate eye surgery to treatment for the mentally disturbed.

JIM'S ENDOWMENT

Johns Hopkins has 1,200 beds, but only about 180 of these are private. Because the hospital is in a lower socio-economic part of Baltimore, it serves as a community hospital with a large number of welfare cases.

Johns Hopkins has received many endowments, but perhaps the most interesting is the \$600,000 that helped set up the Brady Urological Institute. The benefactor was James Buchanan "Diamond Jim" Brady.

Brady came to Johns Hopkins in April 1912, afflicted with a cerned with prostate trouble, variety of diseases, but most common, Dr. Hugh H. Young, a urologist, performed the prostate operation to Brady's satisfaction and Brady built and partially endowed the institute for Dr. Young.

PORTRAIT IN LOBBY

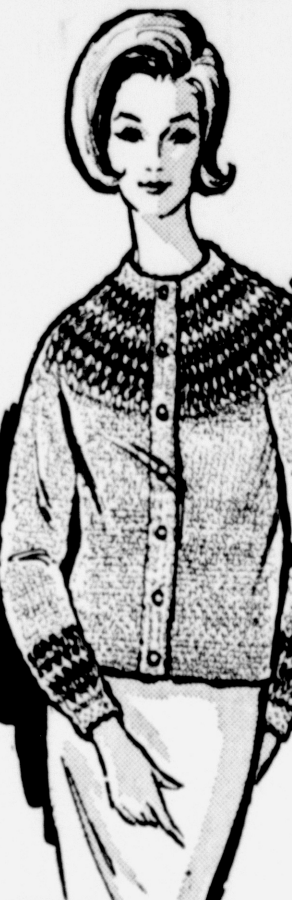

Diamond Jim's portrait now hangs in the lobby of Brady Institute and, with the exception of Hopkins' picture, it is the largest portrait of a single individual at the hospital.

Johns Hopkins will not change basically in the future years, Dr. Nelson said. "The institution will always feature research, teaching and patient care."

However, in the next few years, "we are going to find more attention given relatively to the patient and to teaching and less relatively to research," he said.

Dr. Nelson said that in the decade from 1950 to 1960 the emphasis was on research, partially because of the increase of knowledge from World War II. "Maybe in the decade we got a little out of balance. Now is the time to catch up."

JAP PLANT IN HAZLETON IS DEDICATED

HAZLETON, Pa. (AP) — The flags of the United States and Japan were raised on twin staffs amidst an atmosphere of international neighborliness.

Franklin D. Roosevelt Jr., assistant secretary of commerce, spoke of Japan as "our good customer, our good friend, our ally in the search for peace and economic development."

The colorful ceremonies Friday marked the dedication of the \$1.7 million Sekisui Plastics Corp. plant, the first foreign industry built in this country since the late President Kennedy invited overseas capital to invest in the United States.

Roosevelt, the main speaker, said, "We welcome them (the Japanese) industrial knowhow, their capital, and their friendship into our country."

CITY IS CITED

Roosevelt also cited Hazleton and its people as an outstanding example of what can be accomplished in the antipathy campaign through Appalachia. Roosevelt is chairman of President Johnson's Appalachia Commission.

The plant was built by Hazleton citizens through their CAN-DO organization with assistance from state and federal development organizations.

Sekisui Chemical Co. Ltd., of Japan, the parent company, brought in about \$900,000 worth of machinery and equipment and supplied technicians and executives.

EMPLOYS 40

The plant now employs 40 persons, including a dozen Japanese experts. Management expects eventually to employ 200 or more, with an annual payroll of perhaps \$1 million.

Ryuji Takeuchi, the Japanese ambassador to the United States, who raised the flag of his native land, told the 130 persons on hand that he is certain the plant will prosper. He said he looks upon it as a forerunner of other Japanese industries settling in this country.

Jiroh Uyeno, president of Sekisui, sent a message saying: "Our company will continue to put forth its best efforts, so that we may be worthy of being here, and so that we may serve as a bridge of friendship between our two countries."

erect the monument — looking like a 45-foot-high concrete totem pole — is for material and labor estimated at 100,000 to 125,000 crowns (around \$20,000).

The 83-year-old Spanish master has donated the work, happy to see it put up "officially, in fine surroundings," according to Kristinehamn artist Bengt Olsson.

700 Protest Plan To Drop Service

WASHINGTON (AP)—The Interstate Commerce Commission has received protests from more than 700 passengers against a proposal by the Reading Co. to drop all passenger service between Philadelphia and New York, according to Sen. Clifford P. Case, R-N.J.

Case, who requested an investigation two weeks ago, expressed hope the commission will order public hearings. Under ICC regulations, the commission has until early this week to decide whether to investigate the railroad's plan.

If the commission decides to conduct an investigation, it has authority to suspend the Reading's plan for four months. If the commission found after an investigation that such an operation would be in the public interest, the Reading could be forced to operate the trains for one year after the four-month period.

SPORTS

MOST OF PA. FAVORITES IN WIN COLUMN

The favorites dominated the first big weekend of the Pennsylvania college football season.

Only Kutztown, which surprised Central Connecticut, 13-0, turned in an upset, and this could be considered a mild one.

Susquehanna, which last year won its last eight after losing the opener, trounced Randolph Macon, 42-0, starting the carnage with a 73-yard march for a touchdown after the initial kickoff. The latest Susquehanna hero is fullback Bill Galbraith, a senior from Lansdowne, Pa., who scored three TDs.

PSU MISTAKES HURT

Among the larger powers, Penn State managed to stop All-American quarterback Roger Staubach, but the Nittany Lions made a few mistakes that a stubborn Navy defense took advantage of for a 21-8 Middles victory. Navy cashed in on a fumble and two pass interceptions.

Villanova, on the other foot, took advantage of two Toledo fumbles and a pass interception in beating Toledo, 22-6. Villanova scored all three TDs before Toledo got on the scoreboard. Pitt was idle the past weekend and Penn opens next Saturday against Lehigh.

Among the State College Conference teams, perennial champion West Chester stepped outside the league and was snowed by a tough East Carolina College team, 33-7. This has to be one of the worst defeats for West Chester in a number of years. East Carolina led only 13-7 at halftime, but the southerners broke the game open with two third period scores.

Elsewhere in State College Conference ranks:

Clarion went down, 16-7, in its visit to Ithaca College, managing only two first downs and 31 yards in the second half. Quarterback Bill Lee threw a pair of TD passes in the first quarter as California turned back Marietta College, 21-10, scoring two first period TDs in 46 seconds. Edinboro, with freshmen playing key roles, rolled over Bridgewater, 47-0. Freshman Willy Miller scored twice, and first year man James Smalley, a linebacker, blocked three punts.

Barry Roach, a junior halfback from Kingston, Pa., scored twice on runs of 5 and 23 yards as East Stroudsburg whipped Southern Connecticut, 21-6. Mansfield turned a pass interception into the game's only TD while beating Delaware State, 7-0. Millersville also used the pass interception to advantage in a 21-7 win over Delaware Valley, pilfering two. Slippery Rock went down, 26-7, before Ball State as the Indiana collegians scored the first two times they got the ball.

The only two conference games found Indiana beating Shippensburg, 14-0, scoring twice in the first 10 minutes and Lock Haven edging Edging Bloomsburg, 13-7, two pass interceptions leading to the winning scores.

Other Pennsylvania college games:

Waynesburg beat Geneva, 19-6, with quarterback Harry Thunfield throwing a TD pass and running for a six pointer. Gettysburg snapped a six year opening day jinx with a 27-7 win over Hofstra in the rain.

Nicklaus Nearing Palmer's Winnings

PORTLAND, Ore. (AP)—Big Jack Nicklaus, \$5,800 richer to-day after winning the Portland Open Golf Tournament for the second time in three years, is coming on strong in his bid to overtake Arnold Palmer as professional golf's leading money-winner this year.

"That was the best final round I've played in over a year," Nicklaus said after a five-under par 67 gave him a three-stroke victory in the Portland Open Sunday.

Nicklaus wound up with 275 for 72 holes—13-under par on the 6,404-yard par 35-37—72 Portland Golf Club course.

He made it look easy Sunday as he wiped out Ken Venturi's one-stroke advantage on the very first hole. Nicklaus missed numerous birdie putts by mere inches, and almost all his par putts were of the tap-in variety.

YANKEE YACHT MAY KEEP CUP IN RACE TODAY

By SID MOODY
Associated Press Writer
NEWPORT, R.I. (AP)—Can anything stop Constellation?

Maybe piracy. Or mutiny. Or a proper sized hole in her bottom. But not Sovereign, not unless she pulls the biggest upset in America's Cup yachting history.

Constellation has been relentless as the tide in winning all three of their races and it would be hard to find any one who would give the British challenger any sort of a chance in what could be Constellation's fourth and deciding win when they race today.

Whether the trouble lies in her sails or her hull or Peter Scott, her skipper, Sovereign has just not been able to catch the defender of the New York Yacht Club either in light winds or heavy.

4-MINUTE WIN

Full credit must go to another factor, Bob Bavier, Constellation's No. 1 man at the wheel. The difference he has made to Constellation was demonstrated in the third race in the best-of-seven series on Saturday when he sailed the U.S. 12-meter sloop to a dominating 4 minute, 7 second lead at the end of the first windward leg.

With Constellation far in front, Eric Ridder, co-helmsman and principal contributor to the yacht's campaign chest, took the wheel for the last two legs. He added to his lead on the two windward legs he sailed but the difference was a matter of seconds, not minutes.

1967 CHALLENGE

With an Australian challenge for 1967 hunk down on the Horizon, onlookers are already conjecturing about what went wrong with the British who, with the Canadians and Australians, have never been able to win the 114-year-old trophy.

Some say it is a matter of money. The Americans spent \$700,000 to build and race Constellation. Sovereign is estimated to have cost her owner, 36-year-old financier Tony Boyden,

Lycorning lost its eighth straight over a two season stretch, bowing to C. W. Post, 35-8. Albright walloped Grove City, 24-0 and Westminster belabored Carnegie Tech, 39-0.

EAGLES EDGED BY 49ERS IN CLOSE FINISH

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP)—

There's nothing like a victory to make a supreme optimist of a pro football coach.

The San Francisco 49ers had just edged the Philadelphia Eagles 28-24 Sunday and Coach Jack Christiansen was holding court in the dressing room.

"This club needed a spark," said Christiansen. "So, this may be it, the bit of luck we need to get rolling. We could surprise many, maybe go all the way, although it's too early to predict."

BRODIE AND CASEY

It was bold talk for a coach whose team came within an overthrow pass in the end zone of losing the game with only a few seconds left.

The 49ers led 28-24 as the Eagles, directed by quarterback Norm Snead, drove from their own five to a first down at the San Francisco nine. Snead rolled out and overthrew Pete Retzlaff, who stood all alone in the end zone. Two more passes went incomplete and time ran out. The story of the game was the ability of quarterback John Brodie to hit end Bernie Casey.

Brodie, out of 11 games last season with a broken arm, completed 11 passes for 237 yards. Casey caught six of them for 169. Three times Brodie laid a long bomb in Casey's arms. And three times the passing set up short TD plunges by Mike Lind, one in each of the first three periods.

STICK WILL BEST

Casey beat defender Glenn Glass on each of the long completions. Coach Joe Kuharich of the Eagles, however, refused to fault Glass, saying:

"Take any defensive halfback in the league, put him in the same position and Casey would have caught three passes. Give the offense credit. Brodie laid the ball right in Casey's hands."

Christiansen said he couldn't blame Kuharich for sticking with Glass. "He (Kuharich) felt Glass was the best man for the job. I've been blamed for sticking with a certain man, too, but if you feel he's best, you stick. That's part of the learning process."

TOUCH OF IRONY

It was ironic that Lind scored three TDs against Kuharich. The 229-pound fullback played for the Eagles coach at Notre Dame. Perhaps "played" is an overstatement. Due to injuries, Lind played in five games in three years at Notre Dame.

Christiansen said Lind still has "bad knees. We don't work him hard in practice during the week because of the knees, so, comes Sunday and he goes wild."

The 49ers' winning TD was scored by Casey on an eight-yard pass from Billy Kilmer on the halfback pass-run option. It gave San Francisco a 28-17 fourth period lead and was enough to offset another Eagles' score.

Tittle Is Injured In Steelers' Game

NEW YORK (AP)—Veteran quarterback Y. A. Tittle, star of the New York Giants of the National Football League, took a bad beating in Sunday's game at Pittsburgh and is a doubtful starter against Washington Friday night at Yankee Stadium.

Dr. Francis Sweeney, the Giants' team physician, said a preliminary examination of x-rays taken after the team returned from Pittsburgh late Sunday night showed "negative" for fracture, but bad bruises of the three lower ribs on the right side.

PATRIOTS GET REVENGE WITH 33-28 VICTORY

By DICK COUCH
Associated Press Sports Writer

The Boston Patriots had a score to settle with San Diego's defending American Football League champions and Gino Cappelletti almost did the job himself.

Cappelletti, the AFL's leading scorer in 1963, short-circuited the Chargers with a 21-point plunge Sunday as the Patriots hung up a 33-28 victory that eased their hangover from last year's championship game.

The Chargers won that one 51-10, with Cappelletti's second period field goal closing out Boston's anemic attack. Sunday, the veteran pass-catcher-kicker personally outscored the favored Californians until the last seven minutes of the game.

BILLS WHIP DENVER

He kicked four field goals, caught a 17-yard touchdown pass from Babe Parilli and booted three extra points. With Parilli also hitting Art Graham and Larry Garrison for scoring strikes while a blitzing defense manhandled San Diego's vaunted backfield until the closing minutes, the Pats evened their lifetime series with the Chargers at five victories apiece.

In Sunday's other game, the Buffalo Bills, powered by reserve quarterback Daryle Lamonica and bull-dozing Cookie Gilchrist, kept pace with Boston by whipping punless Denver 30-13. The Bills and Patriots share the Eastern Division lead with 2-0 marks.

Houston's revamped Oilers turned a bunch of fleet rookies loose against Oakland Saturday night and ran off with a 42-28 decision, lifting their record to 1-1. The New York Jets, 1-0, and Kansas City Chiefs, 0-1, were not scheduled.

BOOSTS POINT TOTAL

Cappelletti, 30-year-old Minnesota alumnus who was converted from a defensive back in 1961 and is a scoring record of 147 points, boosted his 1964 total to 26. He kicked a field goal and two extra points in the Patriots' 17-14 opening victory over Oakland. Gino's 113 points and 22 field goals led the league last year.

Parilli completed 15 of 32 passes, including TD pitches of 17 yards, to Graham, and 13, to Garrison. Garrison gained 116 yards on the ground in 22 carries.

Lamonica, who replaced starting QB Jack Kemp in the third period, ran eight yards for one Buffalo touchdown and the plunge. Rookie Pete Gogolak kicked three field goals and three extra points.

INTERCEPT FOR TDs

The Broncos scored on a 15-yard pass from Jackie Lee to

opener over New York last Sunday, never quit. Trailing 47-yard field goal was their only score—they made it 14-10 in the third period after recovering a 49-er fumble on the San Francisco 16. Quarterback Norm Snead passed the distance to end Pete Retzlaff.

After San Francisco made it 21-10, the Birds stormed back 81 yards on 7 plays, with Snead passing the final 23 to Tim Brown in the end zone. That made it 21-17. Even after the 49-ers upped it to 28-17, Snead directed a 65-yard drive climaxed by Tom Woodeschick's 1-yard TD plunge.

Then came the last ditch effort. Snead passed 13 to Ray Poage, picked up 15 on a roughing the passer penalty, hit Brown for 12, Retzlaff for 19, Brown for 27 and a first at the 9. But the TD wasn't to be. Time ran out on the Eagles.

BROWN "PLAYED GUARD"

Snead had a fine day, completing 21 of 46 for 270 yards and two touchdowns. The Eagles changed the blitz that rocked the Giants opening day, but they didn't red dog as much. The 49-ers defense was keyed to stop Brown and as Christiansen said, "We did that early. They didn't use him much."

Brown agreed, commenting after the game:

"I played guard today. They had me as a blocker."

MISSED EXTRA POINT LOSES FOR PACKERS; GIANTS BEATEN

By HAL BOCK
Associated Press Sports Writer

Paul Hornung's toe lost one for the Green Bay Packers, Bill Wade's arm won one for the Chicago Bears and John Baker's 270 pounds may have ended an era for the New York Giants.

Those were the key developments in Sunday's National Football League action which left the Packers with their first loss, the Bears with their first victory and New York with its worst start in nine years.

Green Bay lost by the margin of Hornung's missed extra point, 21-20 to Baltimore, Wade's passing blitzed Minnesota 34-28, and Baker's jarring tackle knocked Y. A. Tittle out of the game and started the Giants down to a 27-24 loss to the Steelers.

CARDS, BROWNS

In other games, St. Louis and Cleveland tied 33-33, San Francisco upended Philadelphia 28-24, and Dallas downed Washington 24-18. Detroit and Los Angeles battled to a 17-17 tie Saturday night.

Baltimore's Johnny Unitas connected with two long touchdown passes, a 52-yarder to Lennie Moore and a 40-yarder to John Mackey, as the Colts scored all their points in the first half. Hornung scored on runs of 20 and four yards but missed the extra point after his second TD.

Wade completed 23 of 31 passes for 344 yards as the Bears broke loose against the Vikings. He heaved three touchdown passes and scored one six-point-er himself.

1ST LOSS FOR VIKINGS

Frank Tarkenton threw four touchdown passes for the Vikings who lost their first game.

The Giants had a 14-0 lead against Pittsburgh when Baker caught Tittle deep in New York territory in the second period. The veteran quarterbacks desperation pass was intercepted and returned for a TD by Chuck Hinton as Baker fell on him.

Tittle had to be helped from the field and did not play again. His injury was diagnosed as a bruised rib and torn cartilage and he was taken to St. Elizabeth's Hospital in New York for X rays and treatment.

Hinton's touchdown started a Steeler comeback that was capped by Brady Keys' 90-yard punt return which set up Ed Brown's second TD of the game and wrapped it up for Pittsburgh.

ONLY WINLESS TEAM

The loss, second straight for the defending Eastern Division champions, left the Giants as the only NFL team without a victory this season. This is New York's worst start since 1955 when the Giants also lost their first two games and finished third with a 6-5-1 record.

Charley Johnson engineered a last minute drive with quick flips to Sonny Randle, Joe Chidress and John David Crow enabling the Cardinals to get within field goal distance against the Browns. Jim Bakken's fourth three-pointer of the game from 28 yards out with five seconds left enabled St. Louis to tie it.

Jimmy Brown had put Cleveland on top in the see-saw game scoring a TD with 48 seconds to go but Johnson's pinpoint passing brought St. Louis back. Lou Groza kicked four field goals for Cleveland and scored his 1,000th career NFL point.

TIME RAN OUT

John Brodie and Bernie Casey combined to beat the Eagles for San Francisco. Brodie passed for 267 yards with 11 completions. Casey caught six passes for 169 yards.

The Eagles drove to the 49er nine yard line in the last minute but three Norm Snead passes fell incomplete in the end zone as time ran out.

A tight Dallas defense contained Washington quarterback Sonny Wurgenson as the Cowboys whipped the Redskins. Amos Marsh scored two TDs for Dallas.

Earl Morrall came off the bench and hit Terry Barr with a fourth quarter TD pass as the Lions rallied for their tie against Los Angeles. Rookie quarterback Bill Munson hurled two TD passes for the Rams.

Lionel Taylor and two field goals by Gene Mingo. Otherwise, the Bills' forward wall, anchored by Tom Sestak, contained Denver's passing game.

Rookie halfback Sid Blanks, who tied the AFL single-game record for pass receptions last week with 13, dazzled Oakland on the ground Saturday night, carrying six times for 129 yards.

First year defensive backs Pete Jacques and Benny Nelson returned interceptions for touchdowns, with Jacques racing 95 yards, and rookie fullback Bob Jackson, a 238-pounder, bulldozed over for two other scores.

Two Gridders Are Injured In Mishap

MINNEAPOLIS (AP)—Ted Dean, fullback and halfback with the Minnesota Vikings of the National Football League, and Sandy Stephens, formerly with Montreal and Toronto of the Canadian Football League, were injured in an automobile accident Sunday night.

Stephens was reported in critical condition at a Minneapolis hospital. Dean's condition was listed as serious.

The car in which the two were riding struck a tree in south Minneapolis.

SYRACUSE AND WASHINGTON TOP UPSET LIST

By HUGH FULLERTON JR.
Associated Press Sports Writer

Ever wonder why all football coaches are pessimists and football prognosticators are slightly whacky? Take a look at last weekend's results, then another at what's just ahead.

After the first full weekend of college action this season, the major colleges who played can be listed this way:

Already upset: Syracuse, Washington, North Carolina, Missouri, Mississippi State, Miami, New Mexico.

HAVE CLOSE CALLS

Too close for comfort: Oklahoma, Duke, Louisiana State, Georgia Tech, Kentucky, Northwestern, Wisconsin, Arkansas, Kansas, Oregon, Washington State, Virginia Tech.

Scared but safe: Navy, Wake Forest, West Virginia, Utah.

Breathing easy: Army, Alabama, Auburn, Florida, Texas, Iowa State, Arizona State, Wyoming, Southern California.

Two of the upset victims and two whose coaches may feel a bit shaken were among the Top Ten teams in The Associated Press pre-season ratings. Four of the Top Ten were easy winners and two haven't played.

UPSET FOR AF

Washington, rated as the team to beat on the Pacific Coast and No. 7 in the AP poll, fell before the Air Force 3-2 as Bert Holaday, who beat the Huskies last year, did it again with a 23-yard field goal. Syracuse, No. 8 and considered the East's best, was dumped by Boston College 21-14 on a tie-breaking pass from Larry Marzetti to Bill Cronin in the closing seconds.

Some of the other prime upsets saw North Carolina State down North Carolina 14-13, Texas Tech whip Mississippi State 21-7, William and Mary beat VMI 14-12, California trim Missouri 16-0, Utah beat New Mexico 16-0 and South Carolina hold Duke to a 9-9 tie.

Mississippi, tabbed as No. 1 in the AP pre-season voting, opened with a convincing 30-0 victory over Memphis State and takes on Kentucky Saturday in a Jackson, Miss., doubleheader which also sends Mississippi State against Florida. Kentucky barely beat Detroit 14-6 while Florida trimmed Southern Methodist 24-8.

STAUBACH STOPPED

Texas racked up its 12th straight victory, 31-0 over Tulane, and should be favored over Texas Tech. The Longhorns are rated No. 4. Alabama, No. 6, easily beat Georgia 31-3 and has a fairly easy assignment against Tulane at Mobile, Illinois and Ohio State, 3 and 5, open this week against California and SMU, respectively.

Oklahoma, second in the pre-season ratings, trailed Maryland for some 56 minutes. Then John Hammond took over at quarterback and fired a 90-yard scoring pass to Lance Rentzel, an interception set up another touchdown and the Sooners won 13-3. Next for Oklahoma is Southern California, 21-0 winner over Colorado Friday.

Tenth-rated Navy saw quarterback Roger Staubach stopped but pulled out a 21-8 decision over Penn State. By comparison W&M should be easy. Auburn, No. 8, whipped Houston 30-0 and runs into Tennessee, which had a shaky 10-6 decision over Chattanooga.

WINS TOURNEY AFTER 27 TRIES

By JIM BECKER
Associated Press Sports Writer

CLEVELAND (AP)—Bill Campbell, the gentlemen from West Virginia, speeded up his golf game. It only took him 26 years to win the National Amateur.

In amateur circles, where Campbell long has been a fixture, they used to say it took him that long to play 18 holes.

It might have been his accelerated pace but Campbell gave a big share of the credit to fate for the title he won last week after 177 holes of stroke and match play over the Canterbury course.

That included 36 holes of qualifying, four short matches, and the semifinal and final over 36 holes.

21 times before I got to the finals," Campbell said as he fondled the cup, "and when I got there, who did I find but my old golfing buddy."

That was Ed Tutwiler, a fellow West Virginian. Over the years the two men had opposed each other, partnered each other and roomed together on the road.

Campbell won a tense match, one up, and then let Tutwiler in on the secret: "You've still beaten me more times than I have you," Campbell said, "so you're still the better man. But this time, Tut, you never had a chance."

27 ACCIDENTAL DEATHS IN PA. SET NEW MARK

By THE ASSOCIATED PRESS

Pennsylvania suffered its highest traffic fatality total of the year this weekend, compared with both holiday and non-holiday weekends for 1964.

Twenty-seven persons lost their lives on state highways, including three double fatalities in Western Pennsylvania, one near Pittsburgh, another near Portage in Cambria County, and a third near the Somerset County town of Meyersdale.

The traffic victims ranged from a 14-year-old boy from Dallas R. D. 1, Luzerne County, to an 80-year-old Johnstown man.

ABOVE HOLIDAY LEVEL

The record total topped the previous mark of 19 traffic deaths, recorded twice—on the Memorial Day and Labor Day weekends.

In addition, five persons died in non-traffic accidents, including three killed when their small plane crashed into the Tescora Mountains near Port Royal, Juniata County. They were Navy Lieutenants Richard D. Eckard, 31, William A. Everett, 31, and Everett's wife, Shirley, 20. They were returning to Maryland after attending the Penn State-Navy football game Saturday.

The tabulating period began at 6 p.m. Friday and ended at

NEGRO CHURCH HOME BOMBED SUNDAY NIGHT

McCOMB, Miss. (AP) — A Negro church and the home of a Negro civil rights worker were bombed Sunday night and angry Negroes stoned a police car when it arrived.

Police said 2,000 or 3,000 Negroes attacked the patrol car with bricks and bottles when it drove up to the wrecked home of Aylene Quin. Negro leaders said about 150 were in the crowd.

The patrol car roared away from the scene, Jesse Harris, project director of a Negro voter registration drive, exhorted the crowd to "go at it peacefully."

CROWD SERVICES

Spokesmen for the Student Non-Violent Coordinating Committee said the crowd dispersed.

Police officials said they were too busy to talk about it at all. Mrs. Quin, 42, operator of a cafe and a civil rights leader, said her two children were injured by the blast but not seriously. They were treated for minor lacerations.

The youngsters, Kathy, 9, and Jackie, 5, were sleeping in a

room at the back of the house. The bomb went off in front.

CHURCH EMPTY

The Society Hill Baptist church, just south of McComb, was blasted into rubble about an hour after the explosion at the Quin home at 10:50 p.m. The church was empty at the time.

Negro spokesmen for SNCC said the bombings make a total of 13 here since the Council of 13 here since the Council of Federated Organizations, a co-ordinating group, opened operations here last June. There were some before that date.

In addition, about 10 churches have been burned. Officers said no evidence of arson was found.

No arrests have been reported.

1,000 Tons Of Coal Dumped In Wreck

SALUDA, N.C. (AP) — A runaway freight train on a steep grade crashed off the end of an emergency siding Sunday sending 1,000 tons of coal helter skelter down Saluda Mountain.

The five crewmen of the Southern Railway train leaped to safety minutes before the six diesel engines pulling the 69 cars highballed off the end of the emergency siding. Four were uninjured. The other escaped with a sprained ankle.

The engines and 16 coal hoppers derailed. A witness said

BRISTLECONES TO BE STUDIED BY FORESTERS

BISHOP, Calif. (AP) — High on the barren upper slopes of the White Mountain of central California is a graveyard of twisted things that refuse to die.

They are bristlecone pines, some more than 4,000 years old and believed to be the oldest living things on earth.

They look their age.

Some have only one branch left with a few needles. The older ones have lost all but a narrow strip of bark and their bare trunks have been polished by centuries of wind and dust and sun.

KEEPS ON LIVING

They look like drift wood, but somehow they still live, with their gnarled roots sucking sustenance from soil too poor and dry for all other forms of life.

More than 100 of these botanical freaks have lived through 40 centuries and experts believe they're good for another millennium or two.

In an attempt to find out just how long the bristlecone pine can live in its natural environment, the U.S. Forest Service has set aside 28,000 acres in the White Mountains 20 miles east of here between the 9,000- and 11,000-foot levels, where the annual rainfall seldom exceeds 12 inches.

SELDOM 30 FT. HIGH

Unlike the towering 3,500-year-old sequoia, the starved bristlecone seldom reaches 30 feet in height.

It gets its name from its cone, much like other pine cones except for a bristle that extends from each section of the waffled surface.

Why does it live so long?

Dr. Robert Wright of the University of Redlands Biology Department, who has made a study of the bristlecone, credits a dry climate and little if any competition in its home above the timberline for what nutrients can be scrounged from the mountain soil.

SECRET OF ENDURANCE

Wet rot kills most trees at a comparatively young age. Even the giant redwoods, highly resistant to rot, eventually topple when they get so big their roots can't hold in soft, moist soil.

The scrubby bristlecone in its arid climate has no such problem.

Other bristlecones have been found in milder climates in mountain country eastward to Colorado, Wright says, but none begin to approach the age of those in the White Mountains.

Somewhat, just learning to live in a virtually impossible environment, these tortured forms have found the secret of enduring longer than any other known kind of life on earth.

NEW YORK (AP) — In many firms when an employee gets a call to come into the president's office something big is brewing.

When president Irving J. Bottner of Esquire Polish calls employees no matter what he wants, he always ends up shoving the shoes of the person.

"I once called a man in to fire him for doing something drastically wrong but I still shined his shoes," Bettner said.

Two of the engines plowed about 1,000 yards off the end of the siding.

The train, en route from Asheville to Spartanburg, S.C., was going down a grade which drops 1,000 feet in five miles when it went out of control.

Now here! The gasoline that won the West!
Out where hard, wide-open driving is a way of life, Phillips 66 gasoline is a mighty big favorite. And no wonder! Phillips 66 gasoline cuts even the toughest super-highways down to size because it gives you power to spare. That means it gives you more gallop per gallon—more power than your car actually requires. And this protects your car against damaging engine strain when the going is roughest. Yessir! You ride tall with Phillips 66.
So pull in at one of the big, bright Phillips 66 stations opening up in your part of the country. You'll get the gasoline that won the West and our famous Western hospitality, too! Go first-class... go Phillips 66! (It costs no more.)
